NOTIFICATION.

POLITICAL DEPARTMENT MEMORIAL RULES, 1939.

New Delhi, the 9th January 1939.

No. 6-G.—In supersession of the notification of the Government of India in the Foreign and Political Department No. 569-G., dated the 22nd October 1928, the following Political Department Memorial Rules are published for general information:—

(*i*) These instructions shall only apply to memorials relating to matters arising in Indian States and Administered Areas in Indian States. Memorials include petitions, letters and applications of the nature of memorials. Memorials to the Crown Representative relating to other matters shall be submitted in accordance with the instructions contained in Political Department notification No. 7-G., dated the 9th January 1939.

(*ii*) The term "Resident" as used in these rules refers, for the purpose of these rules, to Residents of the First and Second Class, the Political Officer in Sikkim and the Governors of the North-West Frontier Province and Assam in their capacity as Agents of the Crown Representative.

#### PART I.

**Memorials, etc., addressed to the Crown Representative.**

1. Every memorial must be submitted to the Political Officer of the State or Administered Area within whose jurisdiction the subject matter has arisen, accompanied by a copy of the order appealed against and by a letter requesting its transmission to the authority to which it is addressed.

2. Memorials may be transmitted either in manuscript or in print, but must, with all accompanying documents, be properly authenticated by the signature of the memorialist, or, when the memorialists are numerous, by the signature of one or more of them.

3. Subject to the exceptions hereinafter contained, every memorial received which conforms to the above rules, should be forwarded by the Political Officer, through the usual official channel, with a concise statement of material facts, and, unless there be special reasons to the contrary, an expression of opinion.

4. Memorials, together with their accompanying documents, should be in English. If the accompanying documents must necessarily be forwarded in the vernacular, an English translation should be appended, which should be attested by the signature of the memorialist.

*N.B.*—The transmitting officer should examine such translations and, if they are found to be incorrect or faulty, notice the fact in sending on the memorial.

5. Every memorial should be accompanied by copies of all the orders passed in the case by the authorities who have dealt with it in India.

6. Residents are vested with discretionary power to withhold memorials addressed to the Crown Representative in the following cases:

(1) When the memorial is illegible or unintelligible.

(2) When the memorial contains language which, in the opinion of the authority who would otherwise forward it, is disloyal, disrespectful, or improper.

(3) When a previous petition of the memorialist (which term includes a rejoinder submitted by the memorialist in answer to a previous petition of some other party) has been disposed of by the Secretary of State for India or the Crown Representative, and the petition discloses no new facts or circumstances which afford grounds for a reconsideration of the case.

(4) When the memorial relates to a matter which is within the competence of the Resident to dispose of, and no application has previously been made to such Resident for redress.

(5) When the memorial is an appeal preferred more than six months after the date on which the memorialist was informed of the orders against which he appeals, provided that the Resident may, in the exercise of his discretion, extend the period to twelve months only, if the delay will facilitate a settlement of the dispute or other good cause is shown.

(6) When the memorial refers to matters in which the memorialist is not personally interested.

*(7) When the memorial refers to a case which turns entirely on questions of fact and the Political Officer and the Resident are in agreement.

(8) When the memorial is an appeal against the withholding of a memorial by the Resident.

(9) When the memorial is a representation against a decision which is declared to be final by any law or rule framed by a competent authority.

(10) When the memorial is a representation against a failure to exercise a discretion vested in the Crown Representative or the Resident.

---

*The discretion allowed by Clause (7) of Rule 6 shall be exercised only by the Residents for Baluchistan, Central India, Rajputana, the States of Western India and Kashmir.

7. Provided they do not contravene the conditions specified in the preceding section, memorials which are appeals against orders passed by Residents in the exercise of their political control, shall be forwarded, except in the following cases in which a discretionary power to withhold the memorials may be exercised:—

(1) When the order appealed against has been passed by the Resident as a recognised Court of Appeal in regard to a judgment or order of any court of Civil or Criminal jurisdiction established or continued by the Crown Representative.

(2) When the order appealed against is a mere refusal to exercise political control in regard to a judgment or order of any special court established or continued by the Crown Representative, from which court there is, by its constitution, no appeal, though a general political control over it is declared or understood to exist.

(3) When the order appealed against is a mere refusal to interfere in a matter of purely internal policy with the action or orders of the Ruler of an Indian State, of which the memorialist is a subject: provided that the matter complained of does not appear to be of sufficient importance to deserve the attention of higher authority.

*N.B.*—This rule also applies to a temporary administration established or continued in an Indian State by the Crown Representative when the temporary administration is appointed to exercise the same powers and occupy the same position as the State Administration which it supersedes.

(4) When the order appealed against has been passed by the Resident for Baroda sitting as a second Court of Appeal in Giras cases arising within the Baroda State.

(5) (*a*) When the memorial is an appeal against an order passed by the Resident for the States of Western India under the Giras Court Rules published in Western India States Agency Notification No. 21, dated the 17th April 1926, or is an appeal against an order passed by the Resident in second appeal in Giras cases arising in the Sabar Kantha Agency. In the latter case an appeal to the Crown Representative will be admissible only with the permission of the Resident.

(*b*) When the memorial is an appeal against an order passed by the Resident for the States of Western India under the Political Courts Rules published in the Western India States Agency Notification No. 30, dated the 26th April 1926, as amended by Notification No. 54, dated the 29th July 1932, against which no further appeal lies to the Crown Representative unless the Resident certifies that the case is a fit one for further appeal, and he does not so certify.

*Note.*—Memorials analogous to applications for suspension or remission of sentences under Chapter XXIX of the Criminal Procedure Code should not be withheld unless they fall under clause 6. Memorials from persons under capital sentence will, except those in respect of areas under the Residents at Hyderabad and in Mysore, be dealt with in accordance with the procedure prescribed in Political Department letter No. F.-48-I.B./38, dated the 3rd February 1938. The procedure for the areas under the Residents at Hyderabad and in Mysore has been prescribed in Political Department letter No. F. 91-I.B./37, dated the 31st August 1937.

NOTIFICATION.

No. 79L —4th February 1939.—The Governor having been pleased to order, under rule 19 of the Bengal Legislative Council Rules, 1920 as modified and adapted for the Bengal Legislative Council and for the Bengal Legislative Assembly respectively, under section 84(*3*) of the Government of India Act, 1935, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

## THE CALCUTTA POLICE (AMENDMENT) BILL, 1939.

# A

# BILL

*to amend section 33 of the Calcutta Police Act, 1866.*

WHEREAS, in consequence of the enactment of the Indian Navy (Discipline) Act, 1934, it is expedient to amend section 33 of the Calcutta Police Act, 1866 in the manner hereinafter appearing; XXXIV of 1934. Ben. Act IV of 1866.

It is hereby enacted as follows:—

Short title. **1.** This Act may be called the Calcutta Police (Amendment) Act, 1939.

Amendment of section 33 of Bengal Act IV of 1866. **2.** In section 33 of the Calcutta Police Act, 1866 after the words "the Naval Discipline Act" the words, figure and brackets "or that Act as modified by the Indian Navy (Discipline) Act, 1934 or" shall be inserted.

## STATEMENT OF OBJECTS AND REASONS.

By Act XXXIV of 1934 of the Central Legislature, Parliament's Naval Discipline Act was adapted to the circumstances of India. It applied that Act to members of the Indian Naval Volunteer Reserve while in service. Section 33 of the Calcutta Police Act, 1866 proposed to be amended by this Bill provides a punishment for persons "not amenable to the Naval Discipline Act" for taking drugs or liquor into military barracks or on board a vessel of war. At the request of the Government of India this short Bill is being introduced to take outside the scope of section 33 persons amenable to the adapted Naval Discipline Act, that is to say members of the Indian Naval Volunteer Reserve while in service: such persons will then be liable for such an offence to be proceeded against under the adapted Naval Discipline Act and not under the Calcutta Police Act.

The Central Legislature followed up their Act XXXIV of 1934 by an amending Act (XXXV of 1934) in which they made, *inter alia*, the amendment now proposed wherever references to the Naval Discipline Act occurred in Acts of the Central Legislature. The section now touched by this Bill is believed to be the only reference to the Naval Discipline Act in the Bengal Code.

NOTIFICATION.

**Burdwan.** — No. 656P. — 10th February 1939.—In exercise of the power conferred by sub-section (*4*) of section 1 of the Criminal Law Amendment Act, 1932 (XXIII of 1932), the Governor is pleased to direct that section 7 of the said Act shall come into force in the whole of the district of Burdwan except the subdivision of Asansol on the date of publication of this notification in the *Calcutta Gazette*.

By order of the Governor,

H. J. TWYNAM,

*Secy. to the Govt. of Bengal.*

The Damodar Canal which was designed ultimately to irrigate about 200,000 acres of land in the districts of Burdwan and Hooghly was constructed between the years 1926 and 1936 and irrigation of a part of the area to be commanded began in 1933. Holders of land who desired to have water from the canal could take leases under the Irrigation Act at the rate of Rs. 4-8 and Rs. 3-8 per acre for annual and long-term agreements respectively. In 1935 the Bengal Legislative Council passed the Development Act, the object of which was, in the words of the preamble, "to provide for the development of lands in Bengal and for that purpose to impose a levy in respect of increased profits resulting from improvement works constructed by Government". Section 10 of the Act provides that the levy, which is payable by all occupiers of lands benefited, shall not exceed one-half of the estimated benefit derived and that in respect of the Damodar Canal, the maximum charge shall be Rs. 5-8 per acre. The area commanded by the canal was actually brought under the operation of the Development Act in the year 1936-37 and the charge of Rs. 5-8 per acre was imposed on all occupiers except those whose leases under the Irrigation Act had not expired. Many representations were made to the effect that the rate of Rs. 5-8 per acre was excessive, and at the end of 1937 Government appointed a Committee to enquire into the equity of the charge. This Committee reported that having regard to the principles of the Act they were of opinion that the charge of Rs. 5-8 was not excessive. They recommended, however, that in view of the

bad conditions prevailing in the area the rate should be fixed at Rs. 2-9 per acre. On the basis of this recommendation Government decided that the levy should be at that rate for 1936-37 and 1937-38. It is to be noted that if this rate were realised in full from the maximum area hitherto irrigated, namely, about 135,000 acres, the revenue would be less than 3 per cent. of the capital cost of the canal, which is about Rs. 1,22,00,000. It must also be kept in mind that even in normal years it is likely that remissions would have to be allowed under the Act. Not only, however, did Government decide to reduce the rate chargeable under the Development Act, but they also decided that with effect from the year 1938-39 that Act should not govern the rates for the supply of water from the canal. Charges are now made only from persons who take leases under the Irrigation Act, the rates being Rs. 4 per acre for annual leases and Rs. 3-8 for long-term leases. In spite of these concessions agitators continued their endeavours to induce people to default in the payment of their dues. They have also tried to prevent those who wanted water from applying for leases under the Irrigation Act. At the beginning of the current financial year the arrears of water charges in the Damodar area payable at the reduced rate of Rs. 2-9 per acre under the Development Act, or at the rates agreed to under the voluntary leases under the Irrigation Act were about Rs. 6,42,000. Out of that amount and a further sum of about Rs. 71,500 added during the year, the collections up to the 28th January were less than Rs. 32,000. The activities of agitators have recently increased in consequence of the attempt on the part of Government officers to recover by means of the certificate procedure dues which were about to become time-barred. Officers have been obstructed in the performance of their duty and subjected to various forms of boycott, and attempts have been made to prevent the sale of property attached in execution of certificates. Government are of opinion that if this agitation is not checked at once, an outbreak of disorder over a wide area is inevitable and have therefore decided to bring section 7 of the Criminal Law Amendment Act of 1932 into force in the whole of the Burdwan district with the exception of the Asansol subdivision.

NOTIFICATIONS.

No. 467Com.—10th February 1939.—Whereas in accordance with the provisions of section 6 of the Indian Trade Disputes Act, 1929, a Board of Conciliation has been appointed under notification No. 4442Com., dated the 12th May 1938, to investigate the trade dispute between Messrs. Burn & Co., Ltd., Proprietors of the Raniganj Pottery Works, and the workmen of the said works, and to promote a settlement thereof;

And, whereas in accordance with the provisions of section 7(3) of the said Act, the Board of Conciliation has submitted its report to the Governor;

Now, therefore, in pursuance of the provisions of section 12(1) of the said Act, the Governor is pleased to direct the publication of the said report in the *Calcutta Gazette*.

By order of the Governor,

A. HUGHES,
*Joint Secy. to the Govt. of Bengal.*

**Report of the Board of Conciliation appointed by the Government of Bengal under section 6 of the Trade Disputes Act, 1929 (VII of 1929), to investigate the trade dispute between Messrs. Burn & Co., Proprietors of the Raniganj Pottery Works, and the workers of the said works, and to promote a settlement thereof.**

The Board was constituted under the Government of Bengal notification No. 4442Com., dated the 12th May 1938. I was appointed the sole member of the Board. A copy of the notification is appended to the report (Appendix A).

The Raniganj Pottery Works are located at Raniganj (Burdwan) very close to the Raniganj Railway Station. They consist of two workshops—one located on the south of the railway line and the other on the north. The workshop on the south is called the "Lal Kothi"—Silica Works—and the other on the north is divided into two parts—Works No. 1 (Engineering and Pipe Works) and Works No. 2 (Pottery).

The total number of workers in the two workshops is 1,370 including some 280 women. Of these, about 70 per cent. are local Bengalis and the rest are Biharis. The firemen numbering 30 are all Chittagonians. All the non-residents live in the cooly lines, locally

known as dhowrahs, free of rent, and the local people in their respective homes.

There is a union recently formed under the auspices of the Company, called the Raniganj Pottery Workers' Welfare Union. The union is registered under the Trade Unions Act, and bears registered No. 212 of 1938.

There had been for some months previous to the strike a dispute between the management and the workers in respect of certain matters connected with the conditions of service. The management took up the various questions involved with the union, and by the middle of February 1938 a settlement was reached in respect of the following subjects:—

(*1*) Increased rates of pay.

(*2*) Sickness and maternity benefits.

(*3*) Housing and school.

(*4*) Old age benefits.

(*5*) Leave with pay and without pay.

While negotiations in respect of other matters were in progress, four moulders of the Lal Kothi were dismissed by the Manager on the complaint of the women workers for indecent overtures to one of them. This happened on the 25th April 1938. On the very next day—26th April—without notice, all the workers in that workshop including the women, numbering about 417, went on strike. The men in the other works followed suit, and by the 3rd May the number of strikers reached 1,238. On the following day a complete deadlock was brought about by the remaining workers leaving the works, bringing the total number of strikers up to 1,350. The carters numbering about 30 did not join the strike.

On the 6th May, *i.e.*, two days later, both the management and the union applied to Government, under section 3 of the Trade Disputes Act, for the appointment of a Board of Conciliation for the settlement of the disputes. This Board of Conciliation was consequently set up.

After notice to the parties in dispute, I held a sitting at the Raniganj dak bungalow on the morning of the 16th May. At the enquiry the Company were represented by Mr. Rigg, acting Manager and Mr. Phani Bhusan Sarkar, Advocate, and the workers by Mr. Balappa, acting President of the union.

The Company submitted their statement of the case, but none came from the side of the workers. A copy of the Company's statement is appended (Appendix B). In order to ascertain at first hand what really were the grievances that were agitating the minds of the workers, I decided first to hear the individual workers privately, and to take up formal proceedings later, if necessary. After this decision had been communicated to the parties present, the Court room was cleared, and the individual workers were taken up one after the other. Certain of the strike leaders were first examined, and then a number of others picked up at random from the mass of strikers congregated inside the bungalow compound watching the proceedings. The

demands made by some of these witnesses may be classified under the following heads:—

(*1*) Stoppage of deductions for bad work.
(*2*) Payment of bonus.
(*3*) Shoes and spectacles for the khalasis.
(*4*) Cooks for the Muhammadans
(*5*) Supply of sufficient water.
(*6*) Improvement of the dhowrahs.
(*7*) Lights in the godowns.
(*8*) Prohibition of bribery by the tindels and others.
(*9*) Provident Fund.
(*10*) Hotel for foreigners
(*11*) School for the children of the workers.
(*12*) Oppression by petty officers.
(*13*) Grant of reply to leave applications
(*14*) Re-appointment on return from leave.

Of the rest of the witnesses, some failed to think of any demand, while others merely repeated the general grumbles which had been indulged in by the men. I also met a number of women workers and their only demand was for the removal of the pressure that prevented them from joining the works. Neither of the parties produced the woman who was insulted by the four moulders As her whereabouts were unknown she could not be summoned for examination as a Board's witness.

While, however, there was an absence of unanimity in regard to the demands stated above, which was natural in view of the demands on such vital questions as wages, etc., which had already been conceded by the management, the strikers were emphatic in their demand for—

(*1*) Reinstatement of the four dismissed men; and
(*2*) Pay for the strike period.

It was accordingly decided to adopt these two points as the issues for immediate settlement, and to leave the others for settlement later on This decision was readily accepted by the strikers and their leaders As the strikers were not properly represented, I asked them to form a *panchayat* of about 10 men drawn from all the departments and sections of the strikers, who could represent their cause and take the responsibility for decisions This proposal was also accepted by the strikers, and a *panchayat* was formed It was mainly composed of up-country people—the *de facto* leaders of the strikers. This closed the first day's proceedings of the Board.

On the next morning (17th May 1938) at about 7 a.m., I went round the dhowrahs, and found the complaints of the workers about the inadequate supply of water and latrine arrangements to be substantially justified On return to the dak bungalow at about 8-30 a.m., I heard Mr. Iyer, Babu Niranjan Ghosh and Babu Ramanath Bhut of the Company. The examination of these witnesses were directed to the workers' complaints about oppression and bribery. Next, I discussed the two issues with Mr Sarkar, the Advocate of the Company, and Mr. Balappa. Next I examined Mr Pattanaik of

the Jamshedpur Labour Federation, which body had assumed control of the strike. In submitting his views on the two issues mentioned above, Mr. Pattanaik mentioned a number of other demands.

After due consideration of all the facts submitted on behalf of the Company, and by the strikers I came to the conclusion that—

(*a*) the dismissal of the four moulders was not fully justified, as the charge against them had not been conclusively proved, and

(*b*) the strikers had acted improperly in going on strike without notice, and hence the payment of strike pay was not justified.

Thereafter, I called the *panchayat* and addressed them, along with the other strikers gathered in the compound (numbering about 1,000) under a tree, in Bengali, to the following effect:—

(1) The charge against the four moulders of making immoral proposals to the woman worker had not been proved, neither had it been completely disproved. Therefore they would get back their jobs, but without any pay for the period they were absent from duty.

(2) The demand for the strike pay was unjustified because they had gone on strike without proper notice and without allowing time to the management for negotiation or conciliation before going on strike.

(3) Regarding certain other complaints it was promised that they would be mentioned in the report.

So far as could be gathered, the strikers present on the spot were favourably impressed with the views put forward. The *panchayat* also seemed inclined to accept them, but in view of the decision on the second point they were not willing to take on themselves the responsibility of taking a decision off-hand without consulting all the strikers, many of whom were away in their villages. They accordingly asked for four days' time to communicate their decision. I expressed my inability to remain so long at Raniganj awaiting their decision, and asked the *panchayat* to communicate their decision by post within the time allowed.

Owing to a division in their camp, the strikers failed to arrive at an agreed decision within four days. The strike continued for a month or so more, during which time the strikers gradually drifted back to work unconditionally. The strike terminated about the end of July.

On the morning of the 18th May I met the Manager, Mr. Rigg, and discussed with him the complaints of the workers and communicated to him my views about the defective latrines and water arrangements in the dhowrahs. He promised to consider these points, and pointed out that a scheme for improving the dhowrahs had already been sanctioned by the Company, and funds allotted.

In my view, no further action is called for, and I recommend that this report be published, as required by the Act.

## Appendix B.

From—W. H. Bates, Esq., General Superintendent, Potteries, C/o Messrs. Burn & Co., Ltd., 12, Mission Row, Calcutta,

To—A. Hughes, Esq., I.C.S., Government of Bengal, Labour Commissioner and President of Board of Conciliation, Raniganj.

On behalf of Messrs. Burn & Co., Ltd., the attached statement of facts concerning the relations of the Company to its labour, and the causes and effects of the strike of workers at the Raniganj Pottery Works is submitted.

The Company is represented at Raniganj by the acting Manager, Mr. J. Rigg, and its legal representative Mr. P. N. Sarkar, Advocate of Raniganj, both of whom are at your disposal.

The undersigned will come to Raniganj at your request to discuss any proposals arising out of your enquiry, since no other officer at Raniganj has the necessary powers to alter the Company's Rules.

### Statement of facts submitted by Burn & Co., Ltd., to the President of Labour Conciliation Board at Raniganj, May 1938.

The Company have for many years past enjoyed the confidence of their workers.

The Company have anticipated legislation for the workers and long ago introduced many of the reforms now in force.

*Instances of Benefits.*

1. Shorter hours of work than permissible.
2. Rate of pay above local rates.
3. Weekly payments.
4. No dismissals without a week's notice.
5. No fines.
6. Enquiry by management before dismissal.
7. Old workers are kept on Wage Books when too old to work.

*Wages.*

Since early 1937 the labour has had three wage general increases. The last wage increase fixed high minimum wages and all rates were fixed in agreement with the labour by the General Superintendent. This was in 19th February 1938.

*Benefits.*

The Company has freely conceded those benefits which have been given at the Indian Iron and Steel Company's Works and has stated its willingness to discuss all matters of welfare with its workers. Benefits lately given include:—

1. Maternity benefits.
2. Leave with pay and without pay.
3. Sick leave with pay.
4. Welfare Officer in continual service.
5. Fixed minimum wages for each class of workers.
6. The Company has also schemes for labour welfare and old age under consideration.
7. They also have a programme for settled labour housing.

*Trades Union.*

The Company decided to join the workers in forming a joint Trades Union in the interest of the workers and promised to increase subscriptions for use in the workers' benefits schemes. The Union is registered No. 212 of 1938.

*Reason of Present Strike.*

The strike has been the work of some of the higher paid workmen particularly the mistry class and encouraged by the Labour Federation of Burnpur.

These men whose names and activities are well known to us kept quiet when our labour formed Union with the Company and some joined the Union; but ever since they have carried on propaganda in the works belittling the grants of the Company and arousing the cupidity of the pottery workers by unfulfillable promises.

These people and such talk and threats have eventually succeeded in getting the labour to strike without reason and without notice

The pretext of the strike that the Company dismissed four workers without reason is false and can be proved to have been a faked affair

These promotors of the strike number some 65 persons whose names are attached. They are non-productive workers and are not pottery workers at all They number 3 per cent. of productive workers They represent their own interests and think that if they succeed in forcing Burn's labour to join the Labour Federation of Burnpur that they will be office bearers and benefit thereby.

*Labour Claims.*

The Lal Koti Silica Work people finding that they could not provoke the management resorted to a trick. The women workers insisted on dismissal of four men. The Company having no alternative dismissed them by giving seven days' pay in lieu of notice. Next day all of the people left work without notice *including* the women who made the complaint.

A meeting of the Union was called and on enquiry it was agreed that the men were at fault and the strikers for leaving work without notice; nevertheless the Company agreed to reinstate the four men if the workmen agreed also It was settled that they would be suspended for fifteen days and the Lal Koti people said they would resume work

Meantime the strike promotors persuaded them not to return and picketted the roads leading to the works.

On the 1st of May 1938 they sent an intimation to the Manager saying that unless their demands were met the other works Nos 1 and 2 would go on strike on 3rd May 1938.

The Manager called a Union meeting and got these men to attend. They demanded among other things—

1. Reinstatement of the four men

2. Payment of wages for time lost during strike.

They were informed that the first had already been met and that the second would not be granted.

It is a significant fact that while the meeting was being held all the labour came out without notice It can be proved that there was no intention of settlement and that the workers had agreed to leave the works on a pre-determined signal.

*Labour Federation Activities.*

Since the labour troubles at Asansol and Kulti it can be shown that this Federation have tried to get the pottery workers to join them. Their activities are known to us and evidence can be adduced to show that although they knew that the Company had given those things which had been given as the result of strike at the Steel Works still they persisted in their efforts to get the Company's labour to their Union and have been assisted throughout by the men in the attached list.

*Result of Strike.*

As a result of this strike the Company has lost many orders for the new Steel Works and for the Tata Iron & Steel Co., Ltd., and which have been sent to Europe. The workers must ultimately lose by this. Owing to the labour not giving notice it is impossible to re-engage the labour until the kilns are loaded again and goods despatched.

The Company will lose greatly by this strike and in consequence will be unable to expend money freely in the future.

The effects of a shut down of this nature is not only an injustice to the shareholders of the Company but it affects all those people who rely upon the Company completing its contracts to time.

*Company's attitude to Strikers.*

The Company gives seven days' notice to all workers before termination of service. It is entitled to the same from its workers. Under its Union Rules it requires fifteen days.

The Company reserves the right to take civil action for recovery of loss of profits or damages against any person or persons who by reason of leaving work without proper notice or causing others to leave have caused such damage.

It does not recognise any outside party as representing the work people of the potteries. The only demand from the workers outstanding, is pay for the period of the strike. This the Company definitely refuses to pay.

The works has been open daily and the people could at any time return. The Company will employ at once all the despatching and kiln loading and unloading staff and later the other departments as they can be employed. A condition of re-employment is that each employee signs the Engagement Card stating the conditions of employment.

It is the Company's desire to aid in making permanent amicable relations with their labour.

CALCUTTA, THE 6TH FEBRUARY 1939.

RESOLUTION—No. 1435For.

Read—

The annual progress report on the forest administration in the Presidency of Bengal for the year ending the 31st March 1938.

Read also—

The reports of the previous three years and the Government resolutions thereon.

1. Mr. W. Meiklejohn was in charge of the Northern Circle throughout the year. Mr. E. A. Modder held charge of the Southern Circle till 15th January 1938 when he proceeded on leave preparatory to retirement and Mr. C. E. Simmons remained in charge of the circle from the 16th January 1938 till the end of the year.

2. *Area.*—There was a total decrease of 129 square miles in the area of reserved forests. The decrease was mainly due to the exclusion of certain forest areas in the Buxa Reserve as well as in the Rechila block in the Kalimpong Division and also as a result of re-survey by the Survey of India. The area of (*i*) protected forests, (*ii*) unclassed state forests and (*iii*) leased lands remained unaltered. The total area of all forests in the Presidency (including leased lands) at the close of the year was 12,163 square miles against 12,292 square miles in 1936-37.

3. *Communications and buildings.*—Owing to want of funds no new roads were constructed during the year except two paths in the Chittagong Hill Tracts Division which were constructed at a total cost of Rs. 3,200. The total expenditure incurred on the construction of new buildings was Rs. 18,251 against Rs. 26,475 in the previous year. The total cost of repairs to roads and paths was Rs. 36,056 against Rs. 37,562 in the previous year and that of repairs to buildings in the two circles was Rs. 42,964 against Rs. 48,553 in 1936-37.

4. *Working plans.*—The revised working plans for the Darjeeling and Kurseong Divisions are under compilation and the modification of the Sundarbans working plan necessitated by altered conditions has also been taken up. The preparation of a new working plan for the Chittagong Division is still in progress and the working plan for the Dacca-Mymensingh Division is now under print. The prescriptions of the existing working plans were followed as far as circumstances permitted and deviations sanctioned where necessary. The working plans for Buxa and Jalpaiguri Divisions are due for revision during 1938-39 and 1940-41 respectively.

5. *Damages from natural causes.*—The struggle with climbers, weeds and insect-pests continued as usual and measures were taken to deal with them as far as possible. As usual, also, there was damage to plantation by elephants and other wild animals. In order to reduce the depredations of wild elephants in the Chittagong Hill Tracts Division, the Kassalong Valley was leased out for Kheda operations. Numerous landslips occurred during the year, and erosions continued. Owing to the shifting of the course of the Mechi river to the east, due to slips in Nepal, about 210 acres in Upper Mechi and 6 acres in Central Mechi have been washed away and 22 acres in Upper Mechi and 4 acres in Central Mechi are in a threatened condition. The Torsa river washed away a portion of the North and South Torsa Forests of the Jalpaiguri Division. A severe cyclone also passed over the Jalpaiguri Forests causing considerable damage to sal trees.

6. *Utilisation.*—There was increase in the value of the total outturn of produce extracted departmentally as compared with the figures of the previous year. Endeavour was made by the Forest Utilisation Officer, Bengal, to find markets for purchasers' timber and for timber extracted departmentally. The total value of the sales of forest produce during the year amounted to Rs. 19,43,562 against Rs. 15,45,506 in the previous year.

7. *Revenue and expenditure.*—The revenue, expenditure and surplus are compared below with those of the previous year:—

| | Revenue. | Expenditure. | Surplus. |
|---|---|---|---|
| | Rs. | Rs. | Rs. |
| 1936-37 .. .. | 18,35,757 | 14,97,967 | 3,37,790 |
| 1937-38 .. .. | 21,54,330 | 15,63,769 | 5,90,561 |

The increase is mainly due to the general improvement in trade resulting in better prices obtained for timber and fuel coupes.

8. *General.*—The general condition of the elephants was on the whole good. The total number of elephants on the stock list in the two circles at the close of the year was 26.

During the year 37 persons were killed by tigers and one man was killed by a bison. Six men and one woman were killed by wild elephants. Rupees 3,025 was paid as rewards for killing tigers during the year.

The activities of the Shooting and Fishing Associations continued to be satisfactory. The collection of tolls for fishing in the reserved forests of the Sundarbans Division continued and Rs. 16,654 was realised as fishing tolls during the year against Rs. 13,613 in the previous year.

The thanks of the Governor are due to Messrs. Meiklejohn, Modder and Simmons for their successful administration of the forest circles. His Excellency also notices with pleasure the record of good work done by other officers of the department mentioned in the report.

*Order.*—Ordered that the above resolution be published in the *Calcutta Gazette.*

Ordered also that a copy of the above resolution be forwarded to the Senior Conservator of Forests, Bengal.

H. GRAHAM,

No. 6-I.—19th February 1939.—It is hereby notified for general information that in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of notification No. 17-I., dated the 16th September 1930, the Governor intends to make the following rules and fix the following rates of tolls for the line of navigation known as the Roypasa-Nathullabad-Jail Khal in the district of Bakarganj and as defined in notifications No. 9-I., dated 22nd July 1930, and No. 3-I., dated the 19th February 1939.

2. Any objection or suggestion with respect to the said rules and rates of tolls should reach the undersigned before the 7th April 1939.

**Rules and Rates of Tolls.**

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below :—

*Class I*—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, Kosh boats, green boats and other similar types of boats.

*Class II*—To include steam boats, motor boats, flats and barges and other square built vessels.

3. The maundage of every vessel, whether laden or empty shall, for the purpose of the Canals Act, 1864, and of these rules, be determined by the following measurements :—

*Class I.*

A. The product of one quarter of the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D *Saltoes.*—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

*Class II.*

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance of engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be) be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which shall be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket shall be kept on board the vessel and in possession of the person in charge of the vessel and shall be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one-quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Crown, of District Board, or other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the district board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rate of toll shall be as follows:—

(*1*) On all vessels empty or laden per hundred maunds—Twelve annas.

(*2*) On all vessels empty or laden, for 12½ maunds or less—One anna six pies.

(*3*) On rafts of bamboos, grass, timber or other similar articles, not exceeding 50 feet in length and 5 feet in breadth—Six annas each raft.

Tolls shall be levied at Barisal or at Amanotganj near Barisal Chowk Bazar, at Kawnia near old cremation ground (at the west end of Jail khal), at Defulia near Baniakati bridge and at North Karapur (Bagadhi) at the west end.

13. For boats frequently using the canal, such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14 Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the canal for more than one month, i.e., provided that this rule shall not apply to vessels holding monthly tickets under rule 13, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the district board of Bakarganj at a meeting and such decision shall be subject to the approval of the Provincial Government.

By order of the Governor,

No. 63/38-II-Ests.—The following Rules made by the Secretary of State for India are published for general information

THE RESERVED POSTS (OTHER SERVICES) RULES, 1938.

I, Lawrence John Lumley, Marquess of Zetland, one of His Majesty's Principal Secretaries of State, in virture of the powers conferred by section 246(1) and section 250(1) of the Government of India Act, 1935(a), hereby make, with the concurrence of my Advisers, the following rules:—

1. These Rules may be cited as "The Reserved Posts (Other Services) Rules, 1938".

2. The posts specified in the First Schedule to these Rules (hereinafter referred to as "reserved posts") shall be filled by persons appointed by the Secretary of State in Council to a civil service of, or a civil post under, the Crown in India.

3.—(1) A reserved post may be left unfilled for the period during which no person who was appointed by the Secretary of State in Council to the Service to which the post is attached and who appears to the Governor-General or the Governor, as the case may be, to be suitable is available to fill it.

(2) If the reserved post which it is proposed to leave unfilled under the provisions of this rule is a post of Head of a Department, or an administrative post above the time-scale of the Service, or a selection grade post, or a post carrying special pay, the Governor-General or the Governor, as the case may be, shall forthwith report the fact to the Secretary of State for his instructions.

4. Save as provided by the preceding rule, no reserved post shall be kept vacant for a period exceeding three months, unless the Governor-General, or the Governor, has reported the proposal to the Secretary of State with the statement of the reasons therefor, of the period for which it is proposed to keep the post vacant, of the provision made for the last incumbent of the post, and whether it is proposed to make any, and if so what, arrangements for the performance of the duties of the reserved post. If the Secretary of State directs that the post shall be filled the Governor-General or the Governor, as the case may be, shall forthwith appoint a person to fill it.

5.—(1) The posts specified in the Second Schedule to these rules shall be reserved so long as they are held by the Officers named against them.

6. The Governor-General or the Governor, as the case may be, may direct that two reserved posts shall be held jointly if he considers this necessary for the purpose of facilitating leave arrangements or for a period not exceeding three months for any other purpose

**7.** Save with the consent of the Secretary of State, no change shall be made by direction of the provincial Government in the duties of the holder of any reserved post if in the opinion of the Governor-General or the Governor, as the case may be, the character of that post would thereby be altered.

Provided that nothing in this rule shall apply to a temporary change consequential on leave arrangements or to a change not consequential on leave arrangements which will not last more than three months.

**8.**—(1) Until the commencement of Part II of the Government of India Act, 1935, references in these rules to the Governor-General shall be construed as references to the Governor-General in Council.

NOTIFICATION.

No 158L.—20th February 1939.—The Governor having been pleased to order, under rule 19 of the Bengal Legislative Council Rules, 1920, as modified and adapted for the Bengal Legislative Council and for the Bengal Legislative Assembly, respectively, under section 84(*3*) of the Government of India Act, 1935, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

## THE CALCUTTA AND SUBURBAN POLICE (AMENDMENT) BILL, 1939.

# A

# BILL

*further to amend the Calcutta Police Act, 1866 and the Calcutta Suburban Police Act, 1866.*

WHEREAS it is expedient further to amend the Calcutta Police Act, 1866 and the Calcutta Suburban Police Act, 1866 in the manner hereinafter appearing ; Ben. Act IV of 1866. Ben. Act II of 1866.

It is hereby enacted as follows :—

Short title and commencement.

**1.** (*1*) This Act may be called the Calcutta and Suburban Police (Amendment) Act, 1939.

(*2*) It shall come into force on such date as the Provincial Government may, by notification in the *Official Gazette*, appoint.

Insertion of new section 62D in Bengal Act IV of 1866.

**2.** After section 62C of the Calcutta Police Act, 1866 the following section shall be inserted, namely :—

"62D. The Commissioner of Police may, by order in writing, depute one or more Police-officers, not being below the rank of head constable, or other persons, to attend any public meeting for the purpose of causing a report to be taken of the proceedings of such meeting.

Power of Commissioner to cause reports to be taken of proceedings of public meetings.

*Explanation.*—For the purposes of this section a public meeting is any meeting which is open to the public or any class or portion of the public, and a meeting may be a public meeting notwithstanding that it is held in a private place and notwithstanding that admission thereto is restricted by ticket or otherwise."

Insertion of new section 39D in Bengal Act II of 1866.

**3.** After section 39C of the Calcutta Suburban Police Act, 1866 the following section shall be inserted, namely :—

"39D. The Commissioner of Police may, by order in writing, depute one or more Police-officers, not being below the rank of head constable, or other persons, to attend any public meeting for the purpose of causing a report to be taken of the proceedings of such meeting.

Power of Commissioner to cause reports to be taken of proceedings of public meetings.

*Explanation.*—For the purposes of this section a public meeting is any meeting which is open to the public or any class or portion of the public, and a meeting may be a public meeting notwithstanding that it is held in a private place and notwithstanding that admission thereto is restricted by ticket or otherwise."

## STATEMENT OF OBJECTS AND REASONS.

Section 4 (2) of the Prevention of Seditious Meetings Act, 1911, empowers the District Magistrate or any Magistrate of the First Class, authorised by the District Magistrate, to depute one or more Police-officers, not below the rank of Head Constable, or other persons, to attend any public meeting for the purpose of causing a report to be taken of the proceedings.

The Commissioner of Police, Calcutta, is not mentioned in the sub-section, apparently by an oversight. The Prevention of Seditious Meetings Act, 1907, empowered any Officer of Police, not below the rank of Inspector, to cause reports to be taken; but, in 1911, the words "the District Magistrate or any Magistrate of the First Class, authorised by the District Magistrate in this behalf" were substituted for the words "any Officer of Police, not below the rank of an Inspector". The Commissioner of Police was thus excluded from the sub-section apparently by an oversight which this Bill is designed to remedy, in view of the importance of powers being available to secure reports of public meetings in Calcutta. Powers were available under the Bengal Public Security Act, 1932 but that Act lapsed on the 31st December 1938. The explanation of "public meeting" is taken from the Prevention of Seditious Meetings Act, 1911.

## DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 13th February 1939.

### Third and Final Forecast of the Winter Rice Crop of Bengal, 1938-39.

(*Note.*—On an average of the five years ending 1936-37, the area under winter rice in Bengal has represented some 20·5 per cent. of the total area under winter rice in India.)

*Character of the season.*—Since the issue of the Second Forecast in December, dry weather has been generally favourable for harvesting operation.

*Acreage.*—According to District Officers' estimates the total area under winter rice is 15,835,900 acres as compared with 15,922,500 acres of last year.

*Outturn.*—From the summary of the district returns appended, it will be seen that two districts report a bumper crop, two districts a normal crop, 11 districts a crop varying from 83 to 92 per cent. and the rest below 80 per cent. of the normal. According to the above estimates, the provincial outturn works out to 82 per cent. of the normal as against 94 per cent. of last year.

Accepting 82 per cent. as the Provincial outturn, the gross yield of the crop, on the basis of a normal yield of 12½ maunds of clean rice (husked) per acre, is estimated at 5,962,700 tons this year as against 6,872,700 tons in last year.

II. Any objection or suggestion with respect to the draft rules should reach the undersigned not later than the 31st March 1939:—

### Draft rules.

1. In these rules "vessel" does not include *dinghis* not exceeding twenty feet in length.

2. (*1*) Every vessel whether travelling or moored in the Gabkhan-Bharani Khal (formerly known as Jhalakati Bharni Khal and Srijug Khal up to and through the new cut near Jhalakati) between sunset and sunrise, shall carry a white light in a lantern on the forepart of such vessel in such a way that it can be distinctly seen from all sides.

(*2*) For the purpose of this rule, "vessel" does not include a steam-vessel to which the provisions of the Inland Steam-Vessels Act, 1917 (1 of 1917), apply, but includes a barge or boat atttached to such a steam-vessel whether in motion or moored.

*Note.*—The rules concerning lights made under section 52 of the Inland Steam-Vessels Act, 1917 (1 of 1917), shall apply to all such steam-vessels in motion in the khal between sunset and sunrise.

3. At places where mooring posts have been provided by the Supervisor, vessels desiring to moor shall be made fast in a single line along the banks to such posts in such manner as the Supervisor may direct and shall not be moored in any other manner.

4. No vessel shall be placed in such a position or navigated in such a way as to endanger the safety or obstruct the passage of other vessels.

5. When a red cone is hoisted at Kowkhali upward bound vessels shall stop and make fast in the side khals or anchor in Kowkhali river clear of entrance to the Gabkhan-Bharani Khal. When a white ball is exhibited, vessels may proceed.

7. At night a red light will take the place of a red cone and two white lights one above the other will take the place of the white ball.

8. All boats, except when crossing the khal, shall travel along the right-hand side.

9. No flat shall be moored in the khal except during the actual loading or unloading of cargo and then as close to the bank as possible.

10. For any infringement of rules 2, 3, 4, 5, 6, 8 and 9 the person in charge of the vessel or other person at fault shall be punishable with fine not exceeding Rs. 50 and when the infringement is a continuing one with further fine not exceeding Rs. 5 for each day the infringement is continued.

No. 6-I.—19th February 1939.—It is hereby notified for general information that in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of notification No. 17-I., dated the 16th September 1930, the Governor intends to make the following rules and fix the following rates of tolls for the line of navigation known as the Roypasa-Nathullabad-Jail Khal in the district of Bakarganj and as defined in notifications No. 9-I., dated 22nd July 1930, and No. 3-I., dated the 19th February 1939.

2. Any objection or suggestion with respect to the said rules and rates of tolls should reach the undersigned before the 7th April 1939.

**Rules and Rates of Tolls.**

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

*Class I*—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, Kosh boats, green boats and other similar types of boats.

*Class II*—To include steam boats, motor boats, flats and barges and other square built vessels.

3. The maundage of every vessel, whether laden or empty shall, for the purpose of the Canals Act, 1864, and of these rules, be determined by the following measurements:—

*Class I.*

A. The product of one quarter of the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. *Saltees.*—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

*Class II.*

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance of engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be) be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which shall be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket shall be kept on board the vessel and in possession of the person in charge of the vessel and shall be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one-quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Crown, of District Board, or other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the district board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rate of toll shall be as follows:—

(*1*) On all vessels empty or laden per hundred maunds—Twelve annas.

(*2*) On all vessels empty or laden, for 12½ maunds or less—One anna six pies.

(*3*) On rafts of bamboos, grass, timber or other similar articles, not exceeding 50 feet in length and 5 feet in breadth—Six annas each raft.

Tolls shall be levied at Barisal or at Amanotganj near Barisal Chowk Bazar, at Kawnia near old cremation ground (at the west end of Jail khal), at Defulia near Baniakati bridge and at North Karapur (Bagadhi) at the west end.

13. For boats frequently using the canal, such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the canal for more than one month, i.e., provided that this rule shall not apply to vessels holding monthly tickets under rule 13, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the district board of Bakarganj at a meeting and such decision shall be subject to the approval of the Provincial Government.

By order of the Governor,

J. R. BLAIR,
*Secy. to the Govt. of Bengal.*

46. *Supply of Oxygen.*—If the type of apparatus admits of it, at least one person in every corps or brigade shall wear an apparatus with an extension for the supply of oxygen to another person in case of necessity.

47. *Instructions to brigade regarding rescue operations.*—(*1*) Prior to sending a brigade underground clear instructions shall be given by the principal official of the mine for the time being on the surface, or by a responsible person deputed by the agent or manager, to the leader of the brigade as to where it shall go and what it shall attempt.

(*2*) If the Superintendent of the Rescue Station serving the mine is present, the manager or the principal official in charge of the mine shall consult him before issuing such instructions.

(*3*) Unless the leader is personally thoroughly familiar with the roadways in question, the route to be followed shall be marked on a tracing, which the leader shall take with him into the mine.

(*4*) The leader shall not permit the brigade to go underground until he has received such instructions and, if necessary, such tracing.

(*5*) The leader shall not deviate from the instructions received by him except when such deviation is necessary for the purpose of saving human life.

48. *Fresh air bases.*—(*1*) As soon as possible a base or bases shall be established in fresh air, as near to the irrespirable zone or zones as safety permits. Each such base shall, if possible, be connected by telephone if the base is underground to the surface or if the base is on the surface to the shaft bottom.

(*2*) Except in cases where the delay involved may result in danger to life, no brigade shall proceed beyond any place where a base is to be established until there have been stationed at such base the following:—

(*a*) two men, of whom at least one should understand rescue appliances and first-aid;

(*b*) a spare brigade with rescue apparatus and ready for immediate service;

(*c*) one or more reviving apparatus, oxygen-revivers, stretchers, and birds.

50. *Test of apparatus.*—Before proceeding underground the leader shall test, or witness the testing of, all rescue apparatus of the brigade. He shall check the equipment of his party, and, immediately before entering irrespirable air, shall make sure that all apparatus is working properly:

Provided that if the leader and the manager of the mine consider that in order to save life the brigade should proceed at once into the mine, this test may be dispensed with if the apparatus has previously been tested at a Rescue Station.

51. *Duties of leader underground.*—(*1*) If the atmosphere is clear, the leader shall, when passing the junction of two or more roads, clearly indicate the route by means of arrow-marks in chalk. If the atmosphere is obscure the leader shall see that a life-line is led in from fresh air, and shall not allow any member of the brigade to move out of reach of that line; or, if that course is impracticable, he shall not proceed until every road branching from the route is fenced across the opening.

(*2*) The leader shall keep the team together and shall not allow any member of the team to stray.

(*3*) When using rescue apparatus the leader shall carry a watch, shall read the pressure of the compressed oxygen every 20 minutes or thereabouts, and shall commence the return journey in ample time. In travelling he shall adapt the rate to that of the slowest member. If any member of the corps or brigade is in distress, he shall immediately return to the fresh air base with the whole brigade.

(*4*) The leader shall not permit any corps or brigade using breathing apparatus in a mine to remain at work for longer than 1½ hours at any one time.

52. *Duties of members of rescue brigades.*—Every member of a rescue corps or brigade engaged in work with breathing apparatus in a mine shall obey the orders of the leader of the team.

53. *Travelling with rescue apparatus.*—In travelling with rescue apparatus, each member of the brigade shall keep the place given him when numbering off. If the pace is too quick, or if distress is felt, the member shall at once call attention to the fact.

54. *Restriction on second spell of work.*—No person shall commence a second or subsequent spell of work in noxious air without being examined and passed by a qualified medical practitioner, if present, or by the Rescue Station Superintendent or other competent person if a qualified practitioner be not present.

55. *Code of signals.*—Members of rescue corps or brigades shall, in general, use the signals prescribed in Schedule VI to these rules, in communicating to one another.

## SCHEDULE I.

[SEE RULE 32 (*1*).]

*Apparatus and Equipment.*

*Minimum to be kept at each Rescue Station.*—(*i*) Twenty-four complete suits of breathing apparatus, with means of supplying sufficient oxygen or liquid air to enable such apparatus to be constantly used for two days, and of charging such apparatus.

If the type of apparatus admits of it, one set of apparatus in every four shall be provided with an attachment for supplying oxygen or air to any person found overcome by noxious gases in a mine.

(*ii*) Four smoke helmets or other apparatus serving the same purpose with not less than 120 feet of tubing for each.

(*iii*) Twenty electric safety lamps or electric torches of a type approved by the Chief Inspector; and 100 approved flame safety lamps.

(*ii*) The apparatus shall be tested for leakage by completely immersing it in water. For the purpose of this test the apparatus shall be fully distended and if it is a compressed oxygen apparatus the oxygen supply shall be turned on. The apparatus, immersed in water, shall be well shaken and closely examined in every part for leakage by the Superintendent or one of the instructors of the Rescue Station, or by the captain of the rescue brigade. If any leakage is observed the apparatus shall be deemed unsafe for use.

This test may be omitted in respect of the pact of a liquid air apparatus in so far as it would be damaged by immersion.

(*iii*) The pressure at which any automatic relief valve discharges shall be measured.

3. The following additional tests shall be applied to compressed oxygen apparatus:—

(*i*) The pressure in the oxygen cylinder shall be measured.

(*ii*) The rate of delivery of oxygen shall be measured by a flow-meter and if that rate is capable of being adjusted by the wearer of the apparatus, it shall be measured over the whole range of adjustment.

4. No breathing apparatus shall be used underground unless immediately before use it has been tested and found safe in the manner prescribed by paragraph (*ii*) of clause 2 of this Schedule:

Provided that as a matter of urgency to save life, this test may be omitted and a test for leakage by mouth suction applied instead.

5. The oxygen in every cylinder supplied for use in connection with breathing apparatus shall be analysed before being used in a breathing apparatus, and no oxygen which is found to contain more than two per cent. of impurities shall be used. The results of every analysis giving such particulars as the Chief Inspector may require shall be recorded.

## OFFICE OF THE SECRETARY TO THE GOVERNOR GENERAL (PUBLIC).

### NOTIFICATION.

New Delhi, the 25th February 1939.

No. 169/39/G. G.—The Governor General has learnt with the most profound regret of the sudden and untimely death of His Excellency the Lord Brabourne. By his passing India has lost a wise and distinguished administrator and her people a well-beloved and trusted friend whose personal charm and sincerity of character had endeared him to all those with whom he came in contact. The universal sorrow with which the news of his death was received and the tributes to his great public virtues which it has evoked are evidence of the admiration with which he was regarded by all classes of people in this country. The years during which he held office in two Provinces were a period of the first importance in the history of India, and his signal contribution to the introduction of provincial autonomy in Bombay, and the success with which the great tradition established by his distinguished predecessor was maintained and developed by Lord Brabourne in Bengal are in no small measure due to the tact, ability and honesty of purpose with which he guided the administration of affairs during his two Governorships. He discharged with conspicuous success for a period of four months the duties of Viceroy and acting Governor General during a time of grave anxiety when the peace of the world was threatened, and brought to that high office the same lofty ideals and qualities of leadership which marked his public career throughout. The Hon'ble Members of the Governor General's Executive Council desire to associate themselves with this expression of deep sorrow at the loss which India has sustained and of appreciation of the great and valuable service which Lord Brabourne had rendered during the period in which he held office in this country.

**Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.**

**BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.**

NOTIFICATION.

No. 849L.A.—22nd February 1939.—The following report of the Select Committee on the Bengal Money-Lenders Bill, 1938, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

## Report of the Select Committee on the Bengal Money-Lenders Bill, 1938.

We, the members of the Select Committee to which the Bengal Money-Lenders Bill, 1938, was referred by a motion carried in the Bengal Legislative Assembly on the 5th August, 1938, have the honour to submit this our final report with the Bill embodying amendments recommended by us annexed. Matters recommended by us to be omitted have been printed in italics and enclosed in square brackets and all new matters recommended to be inserted have been underlined.

2. The Bill was published before introduction in an extraordinary issue of the *Calcutta Gazette*, dated the 18th July, 1938.

3. The Committee met for the first time on the 11th August, 1938, and continued their sittings till the 13th August, 1938. But as the deliberations could not be finished by the 15th August, 1938, the date appointed in this behalf by the Assembly, the Chairman of the Committee presented an *interim* report to the House on the said 15th August, 1938, and on the requisition of the Committee the time for submission of the final report was extended by the Assembly till the 31st October, 1938. The Committee could not, however, finish their deliberations even within this extended period and continued their sittings till the 21st December, 1938, with the special permission of the Hon'ble Speaker.

4. The Bill has been substantially altered by our recommendation and we consider that it requires republication.

5. The changes made in the Bill, apart from mere formal and technical alterations, are as follows:—

### CHAPTER I.

**Clause 2—Sub-clauses (1), (4), (5), (6), (15), (16).**—We have omitted the definitions of "Bank", "Company", "Co-operative Society", "Insurance Company", "Proceedings under this Act", "Provident Insurance Society" as we consider these unnecessary in view of alterations suggested by us in the body of the Bill.

We have considered it desirable to insert a definition of "borrower" in sub-clause (*1*) as this term occurs frequently in the Bill.

**Sub-clause (2).**—We have revised this, in consonance with the subsequent recommendations in the Bill.

**Sub-clause (10).**—We have modified the definition of "loan" by excluding advances without interest as we do not consider it desirable to treat such advances as "loan" for the purposes of this Act.

**Sub-clause (10)(a).**—In modifying this we intended to exclude all kinds of deposits of money or other property, not only in Post Office Savings Banks or with any Banking Company or Co-operative Society but at any place whatsoever, from the category of loan.

**Sub-clause (10) (d) and (f).**—We have omitted these as we did not consider it advisable to exclude loans to or by Banks, etc., or mercantile loans from the purview of this Act. Our intention in making this amendment was also to control the Banks and mercantile loans and restrict flow of money from rural areas to Banking concerns and mercantile centres.

The explanations under this sub-clause have been omitted as unnecessary.

**Sub-clause (19)(a).**—The alterations here are consequential on our subsequent recommendation in the Bill.

### CHAPTER II.

We found it desirable to have this chapter redrafted on account of material and extensive changes recommended by us. Our recommendation for elimination of different classes of licences for money-lenders as contemplated in the original Bill has necessitated a revised definition of Competent

Courts. We have thought it preferable to let the Court of Small Causes, Calcutta, have original jurisdiction over proceedings under clause 14 of this Bill in relation to cases arising in Calcutta and have provided for appeal from its decisions to the High Court. The District Judge's was considered by us to be the most suitable Court for cases arising outside Calcutta either for disposal by itself or for transferring them to suitable subordinate courts for such disposal. We have provided for appeal from decisions of the Mufassil Courts in accordance with the provisions of the Civil Procedure Code. We have also extended the application of section 24 of the Code of Civil Procedure for cases coming under this Act.

## CHAPTER III.

This chapter has, for similar reasons, been redrafted and the following alterations have been made in the clauses :—

**Clause 5** has been omitted as unnecessary.

**Clause 6** has been expanded and we have found it desirable to provide for appointment of Sub-Registrars of money-lenders in addition to the Provincial Registrar and Registrars.

The proviso has been inserted to avoid additional expenditure on account of these officers as far as is practicable.

**Clause 8.**—The alteration here has been necessitated by our recommendation in the subsequent clauses.

**Clause 9.**—We considered it undesirable to have different classifications for licences of money-lenders either on the basis of area or pecuniary limit of their business, as we thought that this might lead to complications and administrative inconvenience and have therefore provided for only one class of licence for the Province which should be renewable at the end of every three years.

**Clause 9A** is practically the original schedule to the Bill modified in consequence of our recommendation in clause 9. We consider a fee of Rs. 15 adequate for a triennial licence. In the proviso we have considered it advisable to allow the Provincial Government a discretionary power in reducing licence fees in appropriate cases or classes of cases.

**Clauses 10, 11 and 12.**—The amendments here are of a consequential nature. We have made it incumbent on the Court to penalise the money-lender who has not taken a licence instead of leaving it to its discretion.

**Clauses 12A and 12B.**—In these new clauses we have provided specifically for the disqualifications for holding a licence and also the method for proving such disqualifications. Our object here was to clarify the intention and simplify the procedure.

**Clause 13.**—This clause has been recast and expanded to make the provision for refusal of licence unambiguous. We have also made more exhaustive provision for appeals and revisions against orders of such refusal. We have considered it desirable to leave the procedure with regard to these matters to be prescribed by rules.

**Clauses 13A and 13B.**—These new clauses have been found necessary as we thought that the Sub-Registrars should have the power to cancel licences and as it would be impossible for them to function properly without requisite powers for compelling the attendance of witnesses.

**Clause 14.**—We did not think that any borrower, placed as they are under the clutches of the money-lenders, would make any frivolous complaints. We did not therefore consider it proper to put any obstacle on their path in making applications against undesirable money-lenders and have therefore omitted the restrictions.

**Clause 15.**—This clause has been recast and expanded. This provision about cancellation of licences including the procedure, extent of penalty and appeals have been clearly provided in the modified clause.

**Clause 17** has been omitted as unnecessary.

## CHAPTER IV.

**Clause 20.**—(*1*) We considered it essential that all accounts of money-lenders carrying on business in Bengal including receipts should be kept in the language of the province and have amended the clause accordingly.

(*2*) We have slightly amended this sub-clause providing for delivery of statements or receipts as soon as a loan is advanced or a payment is made, to avoid any possible difference which may be caused by lapse of time.

**Clause 21—Sub-clause (1).**—We have recommended that the statement of accounts must be submitted in Bengali in the spirit of earlier recommendations.

**Sub-clause (1) (a) (a).**—This is intended to cover cases of continuous transactions.

**Sub-clause (2).**—We did not consider it proper for the lender to charge any fees from the borrower for supplying him with statements which the latter can reasonably demand. The proviso to this has been inserted as we thought this would avoid too frequent demands for statements.

**Sub-clause (3)** has been amended by omission of "fees" and also by providing that the borrower should get copies only of documents evidencing the loan but not of any other document or security connected with it. Here again a proviso has been added to put a check on unnecessary demands.

**Sub-clause (4).**—We have thought fit for the convenience of the people of the province to define "year" as the Bengali year.

**Clause 24.**—We did not consider it expedient or desirable to give the Provincial Government any power as contemplated by the original clause and have therefore omitted it. Our intention was to bring all classes of lenders or money-lenders under uniform treatment.

## CHAPTER V.

**Clause 25.**—We have considered the provision for indemnity in sub-clause (*1*) as an inadequate penalty against the defaulter and have provided for imprisonment and fine as more appropriate. In the new sub-clause (*3*) we have made the meaning of "assignment" clear.

**Clause 26.**—We have inserted "lenders" in this clause for obvious reasons.

**Clause 27** has been omitted as unnecessary.

## CHAPTER VI.

**Clauses 28, 29 and 30.**—These clauses have been redrafted and our recommendations in this connection have been embodied in the new clauses 28 and 29. In these new clauses we have considered it desirable to provide that the lender should on no account recover more than the original loan as interest. We have further provided that when part of the principal has been paid, the interest on the balance should never exceed the amount of such unrealised balance. We have recommended total abolition of compound interest and have found it extremely desirable to reduce the maximum rate of interest recoverable to 8 per cent. per annum for secured and 10 per cent. per annum for unsecured loans irrespective of whether such interest accrues before or after the commencement of this Act. We have further thought it desirable not to allow any interest after a decree is passed in any suit to which this Act applies, as our intention was to avoid interest on any interest on any form whatsoever.

**Clause 31.**—The words "of interest" have been omitted to include assessment of principal as well.

**Clause 32.**—We have omitted the proviso as this might lead to undesirable results and may be an instrument of unreasonable exactions by the money-lenders, who should, in our opinion, be prepared to incur all such reasonable expenditure when he lends money on interest.

## CHAPTER VII.

**Clause 33.**—Our recommendations regarding instalments have been elaborately embodied in the redraft of this clause. In giving detailed directions our intention was to give the debtors all reasonable facilities in repaying their debt.

**Clause 34.**—This clause has been expanded and redrafted giving the Courts more power than was originally intended. We have thought it expedient to permit reopening of all transactions in connection with money-lending unreasonably closed or adjusted for a period of twelve years previous to the passing of this Act, as in our view a period of three years as originally provided would not meet the ends of justice.

We have however, given the Courts power to re-open decrees only when passed between the 1st January, 1939 and the date when this Bill passes into law and to order refund in cases of payments made in excess of the rates provided in this Bill when such payments are made after the 1st January, 1939. Details of procedure in this connection which cover executions, appeals and review have also been specifically provided for to avoid any possible confusion.

**Clause 34A.**—We have in this new clause provided for exemption of judgment-debtors from arrest and detention in prison as we thought these were undesirable tools in the hands of oppressive money-lenders.

**Clause 35—Sub-clause (1).**—We have provided the fee in the Bill itself instead of leaving it to be prescribed by rules, over which the Legislature might not have any say.

**Sub-clause (3).**—This sub-clause has been omitted as we thought it might tempt the money-lender in bringing premature suits.

**Clause 36.**—In this clause we have omitted the provision for "prescribed fee" for depositing any money tendered to but refused by the lender. The charging of any fee in such cases is bound to result in hardship. The other amendments are of a consequential nature.

**Clause 37—Sub-clause (1).**—We have included "bond" in this sub-clause as this is one of the commonest kind of instruments which form the basis of loans.

**Sub-clause (2).**—We thought it desirable to introduce the element of "intention" as otherwise *bona fide* mistakes might come under the mischief of this clause. For deliberate misrepresentations we have thought it fit to make the section more stringent and have provided for the penalty of imprisonment in addition to fine.

**Clause 37A.**—This new clause has been provided as a safeguard against default in passing of the full consideration on a registered document. As the parties would at some stage appear before a registering officer, there can be no difficulty if the consideration passes in his presence.

**Clause 37B.**—We thought that the provisions of Chapters III and IV would lead to various complications if applied to "commercial loans" as we have defined, and have therefore specifically excluded the operation of those chapters on such loans.

**Clause 38.**—We considered the original provisions regarding penalty inadequate and have raised both fine and imprisonment to what seemed to us to be justified by the nature of the offence.

**Clause 39—Sub-clause (1)** has been slightly modified. We did not consider it fair that every adult coparcener should be punishable and have confined the punishment to the Manager only who would be mainly responsible for the mischief. We also thought it expedient to provide for punishment of those only who "knowingly or wilfully" commit or permit any default or contravention. This is intended to disregard *bona fide* and unintentional mistakes.

**Sub-clauses (2) and (3).**—These new sub-clauses are intended as safeguards against frivolous complaints.

**Sub-clause (4)** has been introduced to distinguish offences punishable under this clause from ordinary offences under the Indian Penal Code.

**Clause 41.**—The amendments in this clause are mostly of a consequential nature and have been made to conform to the altered provisions in the Bill.

## THE SCHEDULE.

The original schedule has been omitted in consequence of the amendment in clause 9 and insertion of clause 9A. In the new schedule we have specifically mentioned the offences which in our opinion are sufficient to disqualify a money-lender from holding a licence, in terms of the new clause 12A of the Bill.

*Signed subject to a minute of dissent.

NOTE.—(1) No minutes of dissent had been received from the Hon'ble Nawab Musharruff Hossain, Khan Bahadur, Mr. A. C. Kumar, Mr. Syed Abdul Majid, Mr. Abdulla-al Mahmood, Maulvi Abdul Hakim and Mr. A. M. A. Zaman up to the time of printing the report.

(3) Mr. R. H. Ferguson has since resigned.

**Minute of dissent by Maulvi Abdul Bari, M.L.A.**

**Clause 20.**—The proviso to write the cash book, the ledger and the receipt book in Bengali will seriously handicap trade and business and entail serious hardship to the non-Bengali classes such as the Marwaris, the Englishmen and the Urdu-speaking Mussalmans coming from Western India. Every money-lender ought to have the individual liberty of maintaining his records in the language in which he speaks. The proviso to supply copy in Bengali to the borrower ought to be accepted as sufficient safeguard of the interest of the borrower.

The provisions of clause 20(*1*) is self-contradictory and inconsistent with what follows in clause 21(*1*) and (*2*).

**Clause 29.**—There should be no difference and distinction between loans in kind and loans in cash so far as interest is concerned. The rate of interest whether for loan in kind and in cash should be uniform. If the difference as proposed be maintained, the borrower will be left to the mercy of his merciless creditors to take higher interest as every loan will be shown as a loan in kind.

**Clause 34.**—The proviso to clause 34 nullifies the effect of the substantial clause 34 and makes nugatory the provisions of clauses 28 and 29. This proviso to clause 34 cuts at the very root of the whole Bill and runs counter to the wishes of the majority of the members of the Assembly.

To extend the operations of this Act to the Co-operative Societies would ring the death-bell of the Co-operative Movement of the province. Apart from commercial business the agriculturists for whose benefit primarily this Act is being enacted will be seriously affected. The sources of money are being already dried up in the mufassil and the winding up of the Co-operative Movement would add to the miseries of the people when they stand urgently in need of money. To bring the Post Office Savings Bank, Bank or Company within the purview of this Act, would in the long run, bring about the ruin of the country because banking and business are really the signs of the prosperity and growth of a country. A distinction ought to be drawn between agricultural and commercial loans.

**Minute of dissent by Mr. Mirza Abdul Hafiz, M.L.A.**

* * * * * * * * * * I reserve the right of moving further amendments in the House as I think right and proper for the good of the indebted province.

**Sub-clause 2(10)(f).**—By the deletion of this sub-clause a loan advanced to be used by the borrower for the purpose of any business or concern relating to trade, commerce and industry has been thought advisable not to be excluded from the purview of this Act in apprehension that if it is excluded then almost every money-lender in order to avoid the stringency of the Money-Lenders Act would persuade rather compel every borrower to give a bond with the stipulation of business concern for whatever purposes it may be at the threatening of not advancing money at all. It is not unnatural and improbable that some money-lenders may not adopt the same obnoxious course to avoid the provision of the Act on the plea of trade, commerce and industry but at the same time, I fear and perhaps rightly fear, that for such inclusion and control of mercantile loans the business of the province cannot but suffer which would be most detrimental to the cause of economical advancement of the country. According to me the gain under the present circumstances which is expected by control of mercantile loans to suppress some obnoxious tactics probably adopted by some law-avoiding money-lenders would be dwindled into naught in comparison with the loss that is apprehended in the business world at large. Of course it may be to a great extent rightly said that the business of the province has already been suffering from heavy indebtedness, and if it is brought under the operation of this Act it may be released from the grip of such debt within a very few years after which a steady progress may set in motion in the field of business and many members of the Select Committee had that view in their minds to amend the clause. But still I think that with some restrictions and limitations so that the lenders may be confronted with sufficient checks to adopt such heinous tactics to avoid the Act, *bona fide* mercantile loans for the purposes of trade, commerce and industry should be excluded from the operation of this Act.

**Joint minute of dissent by Mr. C. Morgan, M.L.A., Maharaja Sashi Kanta Acharyya Chowdhury, of Muktagacha, M.L.A., Rai Bahadur Jogesh Chandra Sen, M.L.A., Mr. D. P. Khaitan, M.L.A., and Mr. L. M. Crosfield, M.L.A.**

We are of opinion that the Bill is *ultra vires* of the Provincial Legislature in, *inter alia*, so far as it affects—

(*a*) Promissory Notes;

(*b*) Corporations coming under Article 33 of List I of Schedule VII to the Government of India Act;

(*c*) Banking coming under Article 38 of List I of Schedule VII to the Government of India Act;

(*d*) Acts passed by the Central Legislature, e.g., Civil Procedure Code, Contract Act, Transfer of Property Act, etc.

We do not agree with several provisions of the Bill as amended by the Select Committee, *inter alia*—

(*a*) the definition of "Loan", particularly as commercial loans, dealings by Banks, etc., and Promissory Notes are not exempted from the operation of the Bill;

(*b*) the definitions of "money-lender" and "money-lending business", as the same are too wide and should at least be brought into conformity with the British Law on the subject;

(*c*) the definition of "suit to which this Act applies" in so far as it is made retrospective in effect;

(*d*) clauses 20 and 21 enforcing that the books of accounts are to be kept and statements are to be delivered in the Bengali language only;

(*e*) extending the rule of damdupat to apply to interest already paid or included in any decree;

(*f*) the provisions of clause 28(*1*)(*b*);

(*g*) the maximum rates of interest provided for particularly in so far as they are given retrospective effect;

(*h*) the application of the maximum rates of interest to commercial loans;

(*i*) clause 29 disallowing any interest on the decretal amount;

(*j*) the deletion of the proviso to clause 32;

(*k*) the provisions of clause 33;

(*l*) the provisions of clause 34 seeking to extend the provisions of section 3 of the Usurious Loans Act, 1918;

(*m*) the provisions of clause 34A overriding the provisions of the Civil Procedure Code;

(*n*) the provisions of clause 36(*3*) in so far as it enables the borrower to earmark a payment to be on account of principal while interest is due;

(*o*) the omission of Chapter V from clause 37B, although the Select Committee decided to include that chapter in clause 37B and such decision was never reversed.

We reserve to ourselves the right to move or support any amendments that we consider to be proper.

**Minute of dissent by Mr. Monoranjan Banerjee, M.L.A.**

Before we proceed to go into the details of our dissent we think we should place on record our disappointment at the failure of our attempts to improve the Bill. The object of the Bill, though not expressly stated, was evidently to provide for strict regulation of the professional money-lenders. So far as that object was concerned we had no difference of opinion. But * * * * * * the majority members of the Committee * * *in their over-jealousness to give relief to the debtors proposed and carried such measures as are likely to cut the root of future money-lending business. There is no gainsaying that the application of the Bengal Agricultural Debtors Act of 1935, while affording some relief to the debtors in so far as their existing debts are concerned, has resulted in drying up all the channels of credit-supply in the mofussil in general and in the rural area in particular. However, the said Act being a temporary measure its effects also were to be temporary. But the Money-Lenders Bill, if passed into law, will be a permanent statute and we expected that the experience of the peoples' representatives in the Select Committee would influence them to so provide in the Bill that the dried channels of credit-supply might be rehabilitated. Unfortunately, the majority * * did not look at the Bill

from that point of view. They went further than the authors of the Bengal Agricultural Debtors Act and acted upon an idea that there was no more necessity of any person for incurring any debt. The rates of interest for future loans were not matters of much dispute. There was a general agreement in respect of the rates of interest. But the provisions of clauses 33 and 34 which relate to realisation of debts have been so laid down that every money-lender, whether an individual or a corporate body, will think thrice before lending any money to anybody for any purpose, whether on credit or against security. Where we expected that our experience would influence us to ease the realisation of future debts, the measures that have passed through majority votes have further tightened it. If these measures are passed as law, the prospective borrowers of every section of the society, in whose interest such law is purported to be made, will resent it more than the money-lenders. We raised this alarm in the course of our debate but our voice was whittled down.

Then as regards the realisation of the existing debts, we were in favour of giving the debtors as much relief as was reasonably possible in addition to the relief contemplated by the Bengal Agricultural Debtors Act; but some such provisions have been carried * * * * * * as, when passed into law, may in many cases result in serious loss to innocent money-lenders and in dislocation of trade and industry; even a popular money-lender, who lent the money on small rates of interest within the limits, prescribed by the Bill and whose debtor also was gladly paying the interest, may suddenly find his or her capital on whose interest he or she had been living with his or her children, vanishing all on a sudden, his or her offence being that the debtor was allowed to keep the loan unrepaid for a long time to his own benefit because it was carrying small rates of interest.

Reserving our further comments on the outlook with which the majority of the members of the Committee approached the Bill for a future date and at the proper place, we now note below our dissent from several provisions of the Bill as have emerged out of the Select Committee, *inter alia*,—

(1) **Clause 2.**—(*a*) The definitions contained in sub-clauses (*1*), (*4*) and (*5*) should have been retained.

(*b*) Sub-clause (*10*) (*f*) which exempted commercial loans from the operation of the Bill should have been retained.

(*c*) Explanations (*1*), (*2*) and (*3*) should have been retained.

(*d*) The definition of "money-lending business" as contained in sub-clause (*12*) should have been more clear and definite, so that a friend lending money to a friend for short-time accommodation might not be scared away.

(*e*) The words "before or" in sub-clause (*19*) (*b*) should not have been inserted.

(2) **Clause 20.**—The money-lenders who transact business in Calcutta and mofussil towns should have been allowed to keep their accounts in Bengali or English.

(3) **Clause 21.**—Statements by the abovementioned money-lenders should have been allowed to be delivered in English or Bengali as the borrower would desire.

(4) **Chapter IV.**—Government should have been vested with the power to exempt certain classes of money-lenders from the operations of the provisions of clauses 20 and 23, such as agriculturists who lend money on usufructuary mortgage and widows and orphans whose money-lending business does not exceed three hundred rupees.

(5) **Clause 25.**—The punishment should have been less severe.

(6) **Clause 28.**—(*a*) Sub-clauses (*a*) and (*b*) should have exempted loans carrying interest within the limits prescribed in this clause.

(*b*) In sub-clause (*c*) (*ii*) there should have been differentiation between loans secured against immovable property and loans against liquid securities.

(7) **Clause 29.**—Such a clause should not have found place in the Bill.

(8) **Clause 32.**—The proviso should have been retained.

(9) **Clause 33.**—(*a*) Granting of instalments in decrees should not have been made obligatory by substituting the word "shall" in the place of "may" of the original Bill.

(*b*) Stopping payment of interest on instalments in mortgage decrees and allowing interest at the rate of three per cent. only on instalment in default could not be supported.

(*c*) At the time of the preliminary decree in a mortgage suit the Court ordinarily grants some time for payment before the final decree. The Court should have been given wider discretion, but instalments for ten years is not only excessive but out of proportion.

(*d*) In simple money-decrees, the Court's power to give instalments over a period up to twenty years and the mandate upon the Court to order that in default of payment of one instalment, that instalment only and not the whole amount due shall be recoverable and that too without interest were unsupportable.

(10) **Clause 34.**—(*a*) Sub-clause (*a*) was unsupportable.

(*b*) Sub-clause (*d*) should have excluded commercial loans from its operation.

(*c*) Re-opening of any agreement or adjustment within a period of twelve years was not supportable.

(*d*) No provision should have been made for refund on interest paid at the rates allowed by law.

(11) **Clause 36.**—The language of sub-clause (*3*) should have been clear enough to debar a borrower from earmarking a deposit towards payment of the principal or any part thereof before paying the entire amount of interest due.

(12) **Clause 37B.**—Chapter V should have been included in sub-clause (*1*).

(13) **Clause 39.**—The word "Hindu" in sub-clause (*b*) was put unnecessarily.

We reserve the right to move or support any amendment to any of the provisions of the Bill, that we consider fit.

We cannot conclude without observing that some provisions of the Bill were *ultra vires* of the Provincial Legislature * * * * * * * * *.

**Joint minute of dissent by Mr. J. C. Gupta, M.L.A., and Mr. S. N. Biswas, M.L.A.**

We are of opinion that the Bill as it has emerged out of the Select Committee will fail in its object. The Bill was intended to give protection to helpless borrowers against excessive rate of interest and harassment at the hands of professional money-lenders. But the amendments carried by a majority of votes, we are afraid, will result in the destruction of credit supply altogether, particularly in the rural areas, and will also result in dislocation in trade and industry in the Province.

Some of the members * * * * * openly stated more than once during discussion that we need not be concerned about credit facilities and that the people of Bengal needed no loans or credit-supply in future. It was further said that those who had engaged themselves in money-lending business in the past were all pests of the society and should be wiped out of existence. Owing to prevalence of such sentiments our attempts to ensure the laudable object of the Bill and to improve the Bill failed.

Reserving our further comments on the outlook with which the majority of the members of the Committee approached the Bill for a future date and at the proper place, we now note below our dissent from several provisions of the Bill as have emerged out of the Select Committee, *inter alia*—

(1) **Clause 2.**—(*a*) The definitions contained in sub-clauses (*1*), (*4*) and (*5*) should have been retained.

(*b*) Sub-clause (*10*)(*f*) which exempted commercial loans from the operation of the Bill should have been retained.

(*c*) Explanations (*1*), (*2*) and (*3*) should have been retained.

(*d*) The definition of "money-lending business" as contained in sub-clause (*12*) should have been more clear and definite, so that a friend lending money to a friend for short-time accommodation might not be scared away.

(*e*) The words "before or" in sub-clause (*19*)(*b*) should not have been inserted.

(2) **Clause 20.**—The money-lenders who transact business in Calcutta and mofussil towns should have been allowed to keep their accounts in Bengali or English.

(3) **Clause 21.**—Statements by the abovementioned money-lenders should have been allowed to be delivered in English or Bengali as the borrower would desire.

(4) **Chapter IV.**—Government should have been vested with the power to exempt certain classes of money-lenders from the operations of the provisions of clauses 20 and 23, such as agriculturists who lend money on usufructuary mortgage and widows and orphans whose money-lending business does not exceed three hundred rupees.

(5) **Clause 25.**—The punishment should have been less severe.

(6) **Clause 28.**—(*a*) Sub-clauses (*a*) and (*b*) should have exempted loans carrying interest within the limits prescribed in this clause.

(*b*) In sub-clause (*c*)(*ii*) there should have been differentiation between loans secured against immovable property and loans against liquid securities.

(7) **Clause 29.**—Such a clause should not have found place in the Bill.

(8) **Clause 32.**—The proviso should have been retained.

(9) **Clause 33.**—(*a*) Granting of instalments in decrees should not have been made obligatory by substituting the word "shall" in the place of "may" of the original Bill.

(*b*) Stopping payment of interest on instalments in mortgage decrees and allowing interest at the rate of three per cent. only a instalment in default could not be supported.

(*c*) At the time of the preliminary decree in a mortgage suit the Court ordinarily grants some time for payment before the final decree. The Court should have been given wider discretion to extend that time, but instalments covering six months were not supportable.

(*d*) In simple money-decrees, the Court's power to give instalments over a period up to twenty years and the mandate upon the court to order that in default of payment of one instalment, that instalment only and not the whole amount due shall be recoverable were unsupportable.

(10) **Clause 34.**—(*a*) Sub-clause (*a*) was unsupportable.

(*b*) Sub-clause (*d*) should have excluded commercial loans from its operation.

(*c*) Re-opening of any agreement or adjustment within a period of twelve years was not supportable.

(*d*) No provision should have been made for refund of interest paid at the rates allowed by law.

(11) **Clause 36.**—The language of sub-clause (*3*) should have been clear enough to debar a borrower from earmarking a deposit towards payment of the principal or any part thereof before paying the entire amount of interest due.

(12) **Clause 37B.**—Chapter V should have been included in sub-clause (*1*).

(13) **Clause 39.**—The word "Hindu" in sub-clause (*b*) was put unnecessarily.

We reserve the right to move or support any amendment to any of the provisions of the Bill, that we consider fit.

We cannot conclude without observing that some provisions of the Bill were *ultra vires* of the Provincial Legislature * * * * *

**Minute of dissent by Dr. Nalinaksha Sanyal, M.L.A.**

I place on record my emphatic protest against the form in which the Select Committee's Report has been drafted whereby certain supposed convention has been invoked to hide * * * * * the real character of the Report, and I sign the Report subject to the following note of dissent. I do this more as a student of Economics than as a member of a political Party.

The Bill as it has emerged from the Select Committee fails to ensure the maintenance of suitable credit machineries for different classes of the population, particularly, for the agriculturists, and if passed into law, is likely to cause great hardship to the masses, as it is bound to dry up very largely the present sources of credit.

The following points in particular should receive serious consideration:—

(1) The majority of members of the Select Committee have, in my opinion, failed to appreciate the real purpose of a comprehensive legislation relating to money-lenders and the business of money-lending. They have approached the questions mainly from the point of view of an emergency measure calculated to scale down the burden of present indebtedness without due regard to the requirements of rural credit and other credit agencies.

(2) The Report seeks to apply the same set of measures for regulating all classes of credit transactions, agricultural, industrial and commercial, and problems of each of which are widely divergent and demand separate examination.

(3) The dealings of Joint Stock Banks, Insurance Companies, Building Societies, etc., and of Registered Corporations have been subjected to the same restrictive conditions as those of village money-lenders. * * * * * * * * * * * * * * * * * * * * * If the Bill in its present form is passed into law the development of sound banking in the country will be seriously jeopardised and probably the structure of the entire money market will be shattered; and those in need of credit for industrial, commercial and agricultural pursuits will be the greatest sufferers.

(4) So long as complete nationalisation of all institutions of production and State ownership and management of industrial, commercial, transport and credit undertakings are not achieved, the function of capital as a factor of production should not be underestimated and under present economic order the subjective as well as objective conditions of accumulation of capital in the society cannot be ignored.

(5) At a time when Bengal is on the threshold of an economic reconstruction involving the extension of industrial and commercial facilities, it will be suicidal to indulge in measures which may frighten away what little capital has just begun to be attracted. This will set-back the little progress attained and will probably increase unemployment.

(6) The Report infringes some of the fundamental principles of legislation, e.g., *nova constitutio futuris formam imponere debet non praeteritis*, a new law ought to be prospective, not retrospective in its operations.

(7) It is apprehended that some of the recommendations made in this Report are *ultra vires* of the Provincial Legislature, particularly, the provisions relating to Banks, Corporations and Negotiable Instruments. Certain subjects of concurrent Legislative List such as Civil Procedure, Transfer of Property, Contracts, Evidence, etc., are also affected.

A legislation of this character should not be proceeded with and public money spent in that connection before taking proper legal advice on such matters.

I reserve my right to move suitable amendments to the Bill in proper time and without prejudice to such a right I propose that the following changes in the various clauses should be made:—

**Clause 1, sub-clause (3).** Government should be empowered to bring into force different provisions of the Bill, particularly those mentioned in Chapters 3 and 4 on separate dates as may be found practicable.

**Clause 2, sub-clause (10) (f).**—This excluding clause defining commercial transactions or any modified form thereof should be retained.

**Clause 8.**—Add the words "or to the firm, Corporation or joint-family of which he is a member".

**Clause 14.**—It is unfair and impracticable to insist that all money-lenders in Bengal should write out their accounts in Bengali, much though this would be welcome. It should suffice, if money-lenders are required to supply to the borrower statements in Bengali or in the language of the borrower. This applies also to clause 21.

**Clause 24, sub-clause (10) (f).**—This should be reinstated.

**Clause 25, sub-clause (2).**—The punishment provided is much too severe.

**Clause 28.**—This should be thoroughly recast along following lines:—

(*i*) clause 28 (*a*) may be applied to loans used for or in connection with agriculture, but should not apply to commercial loans, building societies' transactions and long term debentures of industrial concerns.

(*ii*) clause 28 (*c*) should have a definite date stated, say, 1st January 1939, for the applicability of the new rates and the rates of interest should be such as may be recommended by the Reserve Bank of India from time to time in view of the state of the money market, world economic conditions and the rates prevailing in other Indian provinces, particularly in the adjoining provinces. A differentiation between loan against mortgages of immovable properties and secured loans against movable or readily realisable securities may be made if a lower maximum for the latter group is considered desirable.

**Clause 29** should be deleted.

**Clause 32.**—Proviso should be reinstated.

**Clause 33** should be entirely recast as it contains many absurd, unpractical and utterly unfair provisions.

**Clause 34.**—The provision for re-opening past transactions and for refunding excess payment should be left entirely in the discretion of the Court where a *prima facie* case of unconscionable and substantially unfair character of a loan has been made out.

**Clause 37.**—The receipt of blank transfer of shares and such instruments in commercial transactions as securities for loans should not be made illegal and failure to comply with the provisions of clause 37 (*1*) should not entail such stringent punishment as in clause 37 (*3*).

### Minute of dissent by Babu Kshetra Nath Singha, M.L.A.

1. I like to dissent in the provisions to include the commercial transactions within the purview of the Bill. My opinion is this that the world is fast approaching to economic revolution. While other countries are adopting a monopolistic principle and trying to be self-sufficient in their trade, industry and commerce, Bengal with her huge raw materials, should not lag behind and put obstructions to the free growth of her infant trade, industry and commerce and be at the kind mercy of foreign competition to the utter ruin and devastation of her home products.

2. In clause 36 (*3*) interest shall cease from the date of deposit to save the lender from harassment and uncertainty of date of service.

### Minute of dissent by Maulvi Abdul Latif Biswas, M.L.A.

**Clause 8.**—In this clause provision has been made to the effect that no money-lender shall carry on the business of money-lending unless he holds an effective licence after such date, not less than six months after the commencement of this Act, as the Provincial Government shall, by notification in the *Official Gazette*, appoint in this behalf. So the virtual effect of this provision is that Government will be at liberty

not to appoint any such date for any length of time and the only restriction put upon the Government is that the Government is not entitled to fix up date within six months after the commencement of this Act. And if the Government desires it may fix up such date after two, three, six or twelve years or more. We have seen in our practical experience that some good laws or Acts have been proved to be ineffective and dead letters owing to the fact that no restriction was placed upon the Government as to the time within which those laws or Acts were to be put in force. It may so happen that many forces strong in their nature may work in such a way as to prevent the Government from putting these provisions into effect if no time limit is provided for the purpose. That is why I am of opinion that without giving the Government long rope it should be provided that the Government must enforce these provisions within a particular time, so that the provision, very salutary in effect, may not prove fruitless or dead letter for want of such restriction. So it is my proposal that the words "after such date not less than six months after the commencement of this Act" be substituted by the words "after such date not more than one year after the commencement of this Act"

**Joint minute of dissent by Maulvi Md. Israil, M.L.A., Maulvi Mohammed Mozammel Huq, M.L.A., Maulvi Aftab Hosain Joardar, M.L.A., Mr. Fazlur Rahman, M.L.A. (Mymensingh), Khan Sahib Maulvi Syed Md. Afzal, M.L.A., Mr. Ahmed Hossain, M.L.A., Mr. Shah Syed Golam Sarwar Hossaini, M.L.A., and Maulvi Rajibuddin Tarafdar, M.L.A.**

The rate of interest specified in clause 28, sub-clause (*c*) (*i*) and (*ii*) should, in our opinion, be 9 per cent. and 6 per cent. per annum in place of the rates proposed in the Bill, because the proposed rates of interest appear to us to be excessive in view of the impoverished condition of the debtors due to economic depression and other natural calamities that have befallen them.

(2) On the expiration of the period for which the licence was granted or on the cancellation of a licence it shall be returned by the money-lender to the Sub-Registrar who issued it.

Licence fee.
